### ***Quality Policy***

The management of Turret Steel Industries, Inc. recognizes the importance of conducting business in compliance with quality assurance standards and standard industry practices. To this end, the company maintains an active program, which addresses quality practices and producer integrity with regard to the products that it offers for sales to the industry.

### ***Commitment***

Management provides the personnel charged with quality assurance with full authority to enforce the procedures in this manual and to initiate any changes that may be required to upgrade the quality assurance program.

Every employee at Turret Steel Industries understands, and is committed to, our Quality Policy. Everyone understands his or her role in the ISO 9001 quality management system and works within it to help the Company achieve our quality objectives. Management regularly reviews the performance of the quality system to assess, assure, and improve its effectiveness.

Signed,

President
